As health and fitness becomes more important everyday, this incredible business opportunity will continue to thrive for many years to come. This business is a turn- key operation that is easy and fun to operate, well established, stable, and most of all, very profitable. The business is set up to run itself which allows the owner(s) the freedom that is nearly impossible to find in any other business. No fitness or business experience is necessary for a new owner to enjoy the success that this opportunity brings. This business is in an excellent position to transfer to a buyer pursuing an opportunity with an exciting growth environment.
